welcome

The Adirondacks hold a special place in my heart. My family has been exploring the region for decades. The children pictured in the Santa's Workshop editorial on page 16 are my much older brothers, Freddie and Jeff, memorably hopping on the vibrant carousel back in 1965.

There is something for everyone in the Adirondacks. Each visit enlivens the soul and awakens a love for nature, history, arts and the many adventures waiting to be experienced. It's a place where serenity and exploration coexist beautifully. In the Adirondacks, everyone has an opportunity to feel refreshed and exhilarated.

Stretching across more than six million acres, the Adirondack Park is the largest publicly protected area in the continental United States. You'll find over **3,000 lakes and ponds**, **30,000 miles of rivers and streams** and **46 High Peaks** to explore.

2025 marks the 250th anniversary of The Revolutionary War. Several critically important battles were decided right here in the Adirondacks. This anniversary presents an opportunity to reflect on the ideals of freedom, democracy and sacrifice. The Lake Champlain Revolutionary Quest (lakechamplainregion.com), a self-guided trail throughout historic sites where the Revolution unfolded allows visitors to step back in time. History comes alive with historic, live military reenactments, scenic battle sites and many engaging events scheduled all year long.

Enjoy the newly completed Adirondack Rail Trail, majestic peaks, pristine lakes, vibrant arts community, rich history, farm-to-table cuisine or year-round outdoor sports - from kids to seniors, artists to athletes, everyone can connect, explore and belong.

Adirondack Rail Trail

The Adirondack Rail Trail offers a one-of-a-kind way to explore the region's natural beauty. It's a 34-mile, multi-use recreational path connects the communities of Lake Placid, Ray Brook, Saranac Lake, Lake Clear and Tupper Lake. It welcomes walkers, runners, bikers, cross-country skiers and snowmobilers. The amazing trail follows the path of a historic railroad built in 1892 and was a vital link through the Adirondacks until 1972. It has been transformed into a recreational gem winding through forests, wetlands and charming towns that offers peaceful views, wildlife sightings and plenty of spots to stop and enjoy the local culture.

High Peaks Cyclery, people and bike shuttle Ride the Adirondack Rail Trail Lake Placid to Tupper Lake and beyond! Let our shuttle service make it possible and easy. Call to schedule. We offer bike rentals, sales, service, tours and lessons. Road, gravel, comfort, fat and E Bikes. We are located just around the block from the rail trail. 2733 Main Street Lake Placid. 518-523-3764 www.highpeakscyclery.com

AUSABLE CHASM

Since 1870, visitors have been inspired by the breathtaking beauty of Ausable Chasm, one of the oldest attractions in the United States. The sights of the Chasm are truly awe-inspiring.

The illustrious Chasm began its formation through 500-million-year-old (Cambrian-era) sandstone during the last Ice Age. After a mile-long hike—where you'll see the famous Elephant's Head rock formation and Rainbow Falls—take a family-friendly float tour through the Grand Flume and Whirlpool Basin.

Visitors enjoy walking along towering cliffs, exploring a primeval forest, peering into the gorge, and floating along the legendary waters of the Ausable River. Guests can ride an inspiring one-mile stretch of the river on a raft or inner tube. Those touring by foot also have stunning views of this great geological wonder.

For the truly adventurous, experience the Chasm like never before on the thrilling Adventure Trail via ferrata. This unique climbing route takes guests along cable bridges, edge walks, a cargo net climb, and more! Suitable for guests 8 years and older, with a maximum waist size of 54 inches.

Open year-round, with main operations running mid-May through mid-October. Trails are open during winter with guided and unguided hiking options (weather permitting).

Located just off I-87, 12 miles south of Plattsburgh, on Route 9. Additional info: 518-834-7454 www.ausablechasm.com

HIGH FALLS GORGE

Get ready for an adventure at the base of Whiteface Mountain! The AuSable River roars through a stunning gorge, cascading over four majestic waterfalls into a deep crevice shaped by ice, water, and wind. Adventurers can explore groomed paths, cross steel bridges, and stroll along walkways with glass floors for a heart-pounding view. Educational signs along the way will take you on a journey through the fascinating story of this breathtaking natural wonder!

With thrills and delights for all ages, it has you covered with safe and accessible walking trails open all four seasons! Winter adventurers will be amazed by the spectacular sight of towering ice formations clinging to granite cliffs and enjoy snowshoeing through a magical one-mile wooded trail that feels straight out of a fairy tale! Spring, summer and fall each provide amazing views and opportunities to connect with family and friends.

Remember to visit the River View Café, where you can indulge in cappuccinos, milkshakes, light fare and stunning views. Dine in the café or bring your food & drinks to the outdoor picnic area overlooking the river.

Stop by the Adirondack gift shop to snag a souvenir—from cozy sweatshirts to kids toys and apparel, unique one-of-a-kind mementos and so much more! Remember, we want to see your adventures—share your experiences on the High Falls Gorge social media pages! @highfallsgorge 4761 NYS Route 86, Wilmington. 518-946-2278 www.highfallsgorge.com

NATURAL STONE BRIDGE & CAVES

The massive stone bridge arch—the largest marble cave entrance in the east—dominates this spectacular display of Adirondack geology. Originally named Ponte de Dios (Bridge of God) by early explorers and later described in Morse's Geography of 1790, the stone bridge has captivated visitors for over 200 years.

Grab a walking stick, map, and camera and set out on a self-guided, above-ground, natural stone step nature trail, and experience up-close the many unique rock features in the marble gorge, such as potholes, grottos, and mill site waterfalls. Descend into lighted surface caves with raging waterfalls or tranquil dark pools. Cavers are completing a survey of the cave systems and the owners have developed "Adventure Tours" to explore additional caves for those willing to crawl and get a bit dirty. The property continues to be managed by descendants of Jacob Van Benthuyzen, who received the site in the 1700s for Revolutionary War service.

Enjoy a snack or homemade fudge in the picnic pavilions, watch a free PBS video describing the history and geology of the caves, or try your hand at gemstone mining, disc golf, fish feeding, jewelry making, decorating walking sticks, or uncovering ancient bones in our Dino Dig. In winter, explore 14 miles of well-groomed Snowshoe Trails, including views of the Stone Bridge. 535 Stone Bridge Rd, Pottersville (just off I-87, Exit 26). 518-494-2283 www.stonebridgeandcaves.com

THE WILD CENTER

One of the top destinations in New York. You'll see the true nature of the Adirondacks at this new kind of museum where the wild world opens before your eyes. Live animals surround you in the main hall where you can watch otters cavort, great fish swim about you and birds call across the exhibits. "Stunning" is the word The New York Times used to describe this beautiful facility where you can see more of the Adirondacks than ever was possible before. The 115-acre campus includes hiking trails, a river and a pond.

Open every day from 10 am to 5 pm between Memorial Day and Indigenous Peoples' Day. From Indigenous Peoples' Day through Memorial Day, open from 10 am to 5 pm on Fridays, Saturdays, and Sundays. Closed in April.

Wild Lights is held on Friday and Saturday evenings in winter, depending on the weather. Holiday hours throughout the year. 45 Museum Drive, Tupper Lake. 518-359-7800 www.wildcenter.org

The Adirondack mountains are a southern outpost of the Laurentian range in Canada, not a northern offshoot of the Appalachian range in the US, which includes the Catskills, the Green Mountains in Vermont, and the White Mountains in New Hampshire. Steep, rocky slabs of exposed bedrock throughout the Adirondack High Peaks, with numerous slides, and a dome-shaped rather than linear orientation indicate the geological differences to neighboring mountain ranges south and east. The attractions on this page provide interesting scientific information about the specific geology of the area, as well as explanations of the many different habitats, plants, and wildlife that call the Adirondacks home.

WILD ABOUT WILD CENTER

The Wild Center was named "Best Science Museum" in the country by USA Today's 2024 "10 Best Readers' Choice Awards", The Wall Street Journal called it "glorious" and the New York Times said it was "stunning". The Center, spread over 115 acres is an Adirondack must-see. From live river otters to Wild Walk and canoe trips on the river. The Wild Center lets you experience the true nature of the Adirondacks.

Raquette River Roll is a brand-new experience where you and your young explorers can engage with nature in an exciting way. Along the new Fen Trail are a series of ball runs—elevated tracks where you can release special wooden balls and watch gravity do its thing. It's interactive and educational, and above all, it's a fascinating and fun new way to experience the interconnectedness of the natural world in a natural setting. The Fen Trail is a new looped path through the forest to a scenic and vitally important ecosystem along the Raquette River known as a fen. You'll enjoy the beautiful scenery as much as the fun of the Raquette River Roll.

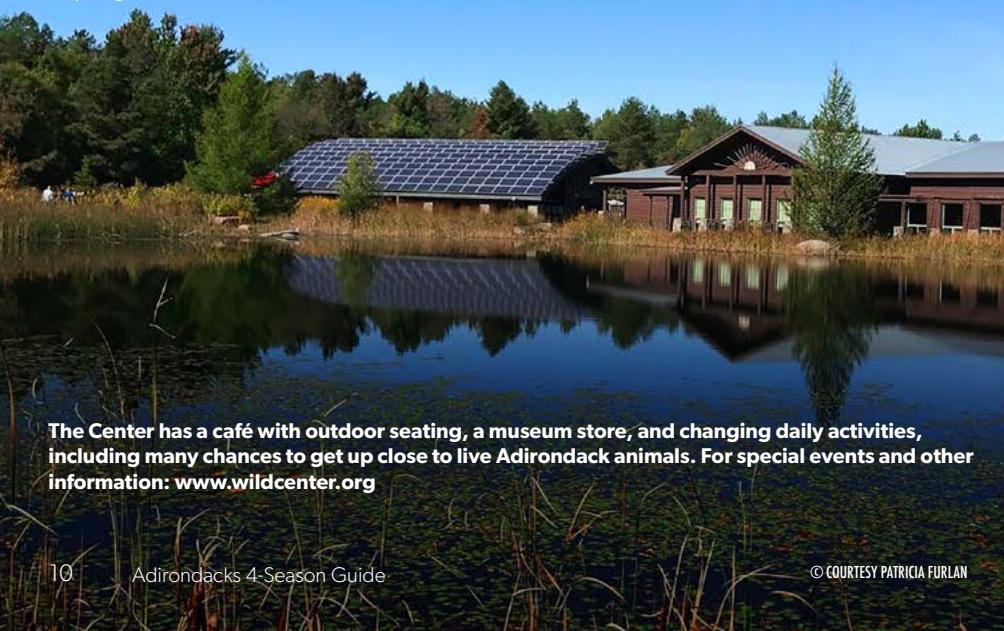

Wild Walk is the only treetop walk in the Adirondacks. More than 1,000 feet of bridges and platforms twist and turn up and over the top of a living Adirondack forest. There's a four-story twig tree house and swinging bridges, a spider's web where people can hang out and chances to just sit and observe the forest below. At the highest point, visitors can perch in a full-sized bald eagle's nest. The Wild Center and Wild Walk were conceived by the designer who helped create Washington's Air & Space Museum.

The campus includes frontage on one of New York's wild and scenic rivers, the Raquette River. Walks and canoe trips to see wildlife on the river are led by knowledgeable guides and are part of the museum's regular schedule. Living exhibits contain river otters, amphibians and fish, while high-definition state-of-the-art technologies let visitors explore the Adirondack environment with depth and richness without having to hike or paddle!

Set in its own theater, Planet Adirondack features an interactive Earth letting you ask questions and watch the Earth answer in an amazing display of images and data on everything from hurricanes to Facebook activity. Admission also includes screenings of the Center's award-winning films.

Climate Solutions is an interactive hands-on exhibit that showcases stories of locals battling climate change in their own way. During the winter wander into an enchanting, illuminated, winter wonderland to explore the sights and sounds of Wild Lights. Bask in the glow of shimmering lights in the Walk After Dark. Then, stroll through Forest Music to surround yourself with immersive music and lights—curated specifically for the looped trail.

Whether exploring indoors or outdoors, The Wild Center provides an unforgettable, educational and inspiring adventure in the heart of the Adirondacks.

The Center has a cafe with outdoor seating, a museum store, and changing daily activities, including many chances to get up close to live Adirondack animals. For special events and other information: www.wildcenter.org

Come visit us in the heart of the Adirondacks for a truly unique experience. With more than 20 buildings nestled across 120 acres overlooking Blue Mountain Lake, our open-air campus offers something for everyone. Step into the rich history of this region as you explore the museum, row an authentic guideboat, break up a log jam, climb a classic ADK fire tower, or enjoy a family-friendly hike to Minnow Pond.

New to the ADKX in 2025 is a temporary exhibit called *Natural Beauty: The Art of Rustic Furniture*; celebrating the history and current trends of rustic furniture in the Adirondacks. Opening in the ADKX's new Changing Exhibit Gallery, the exhibition will showcase the finest examples of rustic furniture from around the world. The exhibition will feature highlights from the ADKX collection (including recent acquisitions), other museums, and from private collections—pieces rarely, if ever, seen on public exhibition.

Don't forget to visit the new *Artists & Inspiration in the Wild* exhibition — a celebration of creativity and art inspired by the elements of the Adirondack Park. Take in the spectacular views while enjoying lunch in our Lake View Café overlooking beautiful Blue Mountain Lake. Serving beer, wine, lunch, and snacks from 10am-3pm each day! LAKE PLACID LEGACY SITES

THE OLYMPIC CENTER

At the historic Olympic Center you will find the newly reimagined Lake Placid Olympic Museum, home to the world's largest collection of winter Olympic memorabilia featuring interactive displays, 3D visualizations and experiential learning exhibits. The Olympic Center is also home to four historic ice sheets, the 1932 Jack Shea Arena, 1980 Herb Brooks Arena, USA Rink and James C. Sheffield Speed Skating Oval that offer skating, curling and hockey to the public year-round.

WHITEFACE

Whiteface has 94 trails, stretching 25 miles and encompassing three peaks. Year-round you can ride the Cloudsplitter Gondola from the base to the summit of Little Whiteface, where an observation deck awaits. In the summer the Veterans' Memorial Highway rises over 2,300 feet in five miles, bringing drivers from the Toll House to the Castle, just below the summit of New York's fifth highest peak. Park and take a 20-minute hike or elevator to the summit of New York's 5th highest peak.

MT VAN HOEVENBERG

Mt. Van Hoevenberg offers a unique Olympic experience combining five winter sports—Bobsled, Skeleton, Luge, Biathlon and Cross-Country—at a world-class venue. With 55 km of trails, including 5 km with snowmaking for consistent coverage, it's a premier destination for Nordic skiing. The state-of-the-art bobsled, skeleton and luge track is one of only two in the U.S. where you can ride as a passenger. The Cliffside Coaster, the longest mountain coaster in America, winds along the 1980 bobsled track with immersive Olympic history narration. Visitors can also explore the Discover Sports program and an indoor climbing center for all skill levels.

More information on the Lake Placid Legacy Sites venues, activities and events can be found at LakePlacidLegacySites.com.

Lake Placid has the distinction of hosting two Olympic Winter Games, first in 1932 and again in 1980. These historic venues collectively known as the Lake Placid Legacy Sites include the Olympic Center, Olympic Jumping Complex, Mt Van Hoevenberg and Whiteface Mountain—all legendary landmarks in their own right.

THE OLYMPIC JUMPING COMPLEX

The iconic ski jump towers are the tallest structures between Albany and Montreal and a powerfully distinctive feature of the local landscape. At the Olympic Jumping Complex, you can watch ski jumpers fly the length of a football field, experience the thrill of the Sky Flyer zipline or take the Skyride, a gondola and elevator ride to the sky deck on top of the tallest jump tower for a stunning bird's-eye view of the Adirondack High Peaks.

SANTA'S WORKSHOP

Santa's Workshop in North Pole, New York holds a special place in the hearts of generations of families. This whimsical theme park is one of the first of its kind in the United States, dedicated entirely to the joy and magic of Christmas. Since opening its gates 76 years ago, it has transported visitors into a storybook village where reindeer prance, elves sing and Santa himself waits to greet believers of all ages.

The story of Santa's Workshop begins with a visionary named Julian Reiss, a Lake Placid businessman and father. In the early 1940s, Reiss crafted a Christmas story for his daughter about a magical village where Santa and his elves lived and worked year-round. That imaginative tale sparked an idea that he would bring to life.

Reiss partnered with artist and designer Arto Monaco, a pioneer in children's theme parks. They envisioned a walk-through experience where children didn't just see Christmas, they lived it. Tiny, fairy-tale buildings with vibrant hand-painted details popped up along candy-colored lanes. Walt Disney himself later visited Monaco's parks and sought his advice where his approach undeniably influenced Disneylands concept of immersive, family-friendly environments. Santa's Workshop opened on July 1, 1949.

By the 1950s and 60s, it was drawing hundreds of thousands of visitors annually. Today, the vintage buildings and original charm remain carefully preserved and lovingly maintained. Families still gather to watch the nativity pageant, stroll down Candy Cane Lane where the elves stroll and see live reindeer in their stalls. And of course, the highlight for many children is meeting Santa in his cozy house where he listens patiently to every wish and whispers Christmas secrets.

Whether you believe in Santa or crave a little magic in your life, Santa's Workshop offers an experience unlike any other. A visit here promises laughter, wonder and joy for everyone because in this historic village, every heart is young, and every day is the most wonderful time of the year.

The John Brown Farm State Historic Site (pictured here) is the home and final resting place of the famous abolitionist John Brown. Located in Lake Placid, Brown came to the Adirondacks in 1849 to live near African American families and help them gain voting rights by helping them establish farms in the region. Visitors can tour his farmhouse, explore exhibits about his mission and the story of the African American settlers, and walk the scenic grounds.

Mirror Lake, Lake Placid This magnificent lake bordering Lake Placid's Main Street is totally unspoiled. No motorized vessels permitted. Rent a paddleboard or swim!

Lake Placid So close yet so protected; wonderful views of Whiteface Mountain and some fabulous Great Camp architecture. Hidden coves & wilderness wildlife. Ramp off Mirror Lake Drive in Lake Placid. Yes, Lake Placid is both a lake and a town!

Lake Everest, Wilmington Formed by a dam on the west branch of the AuSable River, this calm body of water is full of life, with different habitats ranging from cattail swamp to open river. Popular with families. Access via town beach off Rt. 86 by bridge.

West Branch, Ausable River Cruise through eight miles of mostly tranquil water with some Class I riffles and one carry: water levels are best in spring. Don't miss your take out just prior to Monument Falls. An unrunnable, boulder-filled gorge follows which is better viewed from Rt. 86.

Upper, Middle & Lower Saranac Lakes These popular lakes are connected by the Saranac River, which makes for an astonishing variety of routes to paddle. Paddle a route that takes 2 or 3 hours, or work through a longer route that takes 2 or 3 days.

Rollins Loop 4-5 hours. This is a justly popular day trip loop from St. Regis Canoe Outfitters' Floodwoods Outpost. Beautiful small stream with great lunch spots and swimming. Longest portage is 1/3 mile. This route is typically paddled clockwise from Floodwood Pond, going south-east first. There is a current flowing south out of Floodwood Pond through Fish Creek.

St. Regis Canoe Area & the Saranac River

Headwaters A pond-hopper's paradise. Many carries are short and most routes can be done as an unencumbered day trip. The classic "Seven Carries Route" is 9 miles from Little Clear Pond to Paul Smiths, traversing 10 lakes and ponds. You may need more time and a lightweight canoe for the "Nine Carries Route" with access points at Hoel Pond, Long Pond or Little Clear Pond (carries up to 1.5 miles). Expand your trip by hiking up to the St. Regis Mountain fire tower! Just south of the St. Regis Canoe Area, the Saranac River headwater ponds—Follensby Clear, Floodwood and Fish Creek—provide the starting point for various short loop trips.

Lake Champlain Westport to Essex Briefly named the sixth Great Lake, this gorgeous, 125 mile long body of water separates NY and VT. One of the more scenic paddles is from Westport around Split Rock Point to the historic village of Essex, or to the sandbars and beach areas near the mouth of the Boquet River.

Schroon Paddle Challenge Created for paddlers of all abilities. Three separate paddling routes in the Schroon Lake Watershed. Complete each part in any floatable and earn a patch. Up for the ULTRA challenge? Complete all three paddles over one weekend (Friday – Sunday) and earn the ultra-special Ultra Finisher Patch! adirondackhub.com/schroon-paddle-challenge

WATERFALL TOURS

TUPPER LAKE Bog River Flow About 9 miles south of Tupper Lake Village on Rte. 30, take a right onto Rte. 421. You'll cross over the falls at about .75 miles. There's a small parking area. Easy to access.

LONG LAKE Buttermilk Falls A short, easy walk to one of the most photographed falls in the area. The turnoff of Rte. 3 is marked and easy to see. Death Falls (aka Secret Falls) is about 20 miles west of Long Lake on Rte. 28, up a short & easy path. Trailhead is opposite the DEC Golden Beach Campground.

WILMINGTON In addition to the magnificent High Falls Gorge listed at right, there are three notable cascades easily accessed from Rte 86. Monument Falls can be seen from the road, with pull-offs for closer viewing. Wilmington Notch, a spectacular, 50-foot cascade can be accessed through NYS Campground nearby. Wilmington Flume is just underneath and to the north of the bridge that crosses the river at the Hungry Trout Resort. Stag Brook Falls, accessed through Whiteface Mountain Ski area, is a lovely series of cascades, open when the ski area is not in operation.

JAY A covered bridge spans Jay Falls' broad and gently sloped cascade of the Ausable River. At the intersection of Rte. 86 and Rte. 9N, cross to Mill Hill and bear left to the parking lot.

LAKE PLACID Lisa G's Falls at the spillway from the dam of the Chubb River, you can enjoy drinks & food outside on the deck overlooking a gorgeous cascade!

ELIZABEHTOWN Split Rock Falls A spectacular and very easily accessed cascade via a parking area on Rte. 9 about 2.3 miles north of the Rte. 73/9 interchange.

KEENE & KEENE VALLEY Just off of Rte. 73, Bouquet Falls provides a gorgeous cascade plus a great swimming hole. Park at the Dix Mountain trailhead about 1.3 miles north of the Rte. 73/9 interchange. Hulls Falls is a roadside cascade that is off the beaten path. Nearly opposite Route 9N in Keene, take Hulls Falls Rd south and drive uphill for 1.6 miles. You can view the falls from the iron bridge; please don't venture onto private property.

WADHAMS Wadhams Falls is the center of this little hamlet nestled at the crook of Rte. 22 between Westport and Essex. Easily seen from the road, but get closer!

WESTPORT Hoisington Brook Cascade An easy walk from Lee Park on the waterfront, there's a small fall just under the footbridge. Great views of Lake Champlain.

TICONDEROGA La Chute Riverwalk A series of five different waterfalls located along the 3-mile trail, attractively landscaped including multiple wayside exhibits that illustrate the history of the area. Great accessibility and a lovely walk for all ages.

The three attractions listed below are superior waterfalls, with maps, some accessible walkways, and lots of activities. All are open year round, call for exact hours.

Ausable Chasm The granddaddy of them all, a 2-mile "Grand Canyon of the Adirondacks" featuring walks amongst the cascades and canyons of a major Ausable River geological feature. Captivating visitors since 1870, there's now rafting, tubing, via ferrata, rock climbing, rappelling, camping, gift shop, and a café. Rte. 9, between I-87 Exits 34 & 35. 518-834-7454 ausablechasm.com

Natural Stone Bridge & Caves Park takes advantage of a naturally formed massive stone arch and caves to allow safe spelunking and swimming tours of underground caverns. Right off of I-87, Exit 26. 518-494-2283 stonebridgeandcaves.com

High Falls Gorge located on Rte. 86 in Wilmington offers an exhilarating experience with its four stunning waterfalls along the AuSable River. Visitors can enjoy glass walkways, riverside promenades, and cliffside catwalks and witness the invigorating power of water. Just a mile from Whiteface Mountain and minutes away from Lake Placid, this destination features a gift shop and restaurant right by the water's edge. 518-946-2278 highfallsgorge.com

tupper lake

Nestled in the heart of the Adirondacks, Tupper Lake offers an amazing mix of scenic beauty, exciting year-round outdoor activities and small-town charm. One of the biggest highlights is The Wild Center, an interactive natural history museum that brings the Adirondacks to life. Its Wild Walk, a trail through the treetops with unforgettable views and hands-on exhibits are perfect for all ages. If you're into nature, family fun or relaxing by the lake with stunning mountain views, Tupper Lake delivers.

THE WILD CENTER

The Wild Center experience lets visitors explore indoor exhibits, the award-winning Wild Walk, Raquette River Roll, Pines Play Area, live animal encounters, Climate Solutions, Forest Music, naturalist-led canoe trips, and much more. Winter evenings, Wild Lights transforms the campus into a glowing winter wonderland. The Center features a full museum store, cafe with outdoor waterside seating in season, and frequent special events. 45 Museum Drive, Tupper Lake. 518-359-7800 www.wildcenter.org

THE ADIRONDACK STORE & GALLERY

Our new Tall Pine Café opening this summer in Tupper Lake! Complete interior design and upholstery services in our new Design Studio next to our Lake Placid store. Two additional locations: Tupper Lake, NY and New Canaan, CT. 83 Park Street, Tupper Lake NY 12986. 518-245-3400 www.adkstore.com

PADDLING ROUTES WITH FUN DESTINATIONS IN TUPPER LAKE

Guided Canoe Trip Wild Center See the river from a new perspective. Each trip is led by a NYS Licensed Guide and naturalist, taking you on an amazing trip through the Raquette River's Oxbow. Explore different marsh habitats and catch a glimpse of native wildlife. Wild Center admission is required. wildcenter.org

Tupper Lake A shallow marsh connects Tupper Lake, Simon and Raquette ponds. State land on Tupper Lake's western shore has a leanto and campsites. Above Bog River Falls you'll find a 2-mile stillwater paddle.

Little Tupper Lake & Round Lake The William C. Whitney Wilderness includes Little Tupper Lake, Round Lake and Rock Pond—which are all connected via channels and have designated campsites. Little Tupper is six miles long and has several islands. Moderate winds can create rough water on these lakes.

Round Lake 1-2 Days, no portages. A non-motor boat, beautiful channel widening to a pristine lake with plenty of camping, picnicking and swimming spots. Optional hike along scenic outlet. A great shorter, relaxing trip for beginners and experienced alike.

Lake Lila 17 campsites, 7 islands, sandy beaches and tall white pines. A 0.3-mile carry leads from the parking area to the sandy launch site. Climb Frederica Mountain for a panoramic overview.

Long Lake The prevailing winds are usually at your back on this 14-mile "long" lake. Campsites and leantos are found on state land along the eastern shore, north of Long Lake Village.

Raquette River From Long Lake to Tupper Lake (30 miles) the Raquette meanders between sandy wooded banks with just one carry at Raquette Falls. Traveling with the current, you can easily enjoy some fishing and bird watching. Campsites and leantos are found along the way. Stony Creek Ponds outlet and Indian Carry provides access north to the Saranac Lakes Chain.

Bog River Flow/Lows Lake 1-5 Days and 1 Portage. Beautiful non-motor boat wilderness area with plentiful bird life, several hiking options, nice primitive campsites along the way. A great place to spend time and explore. 6-25 miles.

Tupper Lake Paddling Triad because of course there's a challenge! Complete these three routes and get a patch to add to your collection! These paddles are designed with a second car at the destination. tupperlake.com

Stony Creek Pond to Axton Landing 3.25 miles one way, starting at Coreys Road and ending at Axton Landing along the beautiful Stony Creek.

Raquette River Boat Launch to Big Tupper Boat Launch Travel downstream for 7.5 miles on the gentle Raquette River. Start at the Rte. 3 Boat Launch & end at Tupper Lake Boat Launch.

Raquette Pond to Setting Pole Dam Start at the Municipal Park, paddle northwest 3.25 miles to the Setting Pole dam. Use caution approaching the dam!

JRECK SUBS

JRECK Subs offers fresh, delicious sandwiches with quality ingredients, a variety of options, and fast service. It's a must-visit for satisfying cravings and great flavors! 16 Demars Blvd, Tupper Lake, NY 12986. 518-359-2934, 57 Broadway, Saranac Lake, NY 12983. 518-891-7691 www.jreckssubs.com

SARANAC LAKE WINTER CARNIVAL

The nation's oldest winter celebration heats up the winter with parades, events, and the world-famous Ice Palace right on the lake. Businesses and residents take part in an old-fashioned celebration of vibrant, thriving community in "The Coolest Place". Winter Carnival runs from Feb 6 - Feb. 15, 2026. www.saranacleake.com

MT VAN HOEVENBERG

The new 45,000 square-foot Mountain Pass Lodge combines all Mt. Van Hoevenberg sports in one location, including an 80-meter warmup track, two-story rock climbing wall, a biathlon competition suite, bobsled practice push track, food service area and basic lodge amenities. An extensive system of pristine xc trails ramble over mountains & skirt frozen lakes & rivers; more than 50K of groomed trails. 518-523-2811

www.mtvanhoevenberg.com

HOCKEY, POND HOCKEY & SKATING

Three famous rinks plus the outdoor oval where speed skater Eric Heiden made history. The town clears a loop on Mirror Lake creating a lovely, free, two-mile outdoor track; Pond Hockey tourneys in January carve 20 rinks in the middle of Mirror Lake; and Can Am takes over the town and the ORDA rinks, in March.

ICE SKATING/POND SKATING

On Mirror Lake, weather permitting, the town clears snow with plow-fitted Polaris to open a 2 mile oval around the scenic shore. 518-523-2605 lakeplacid.com. Take laps at the Olympic Speed Skating Oval where Eric Heiden won 5 Gold Medals in 1980, or skate indoors in the 1932 Jack Shea Arena. 518-523-1655 [www.lakeplacidolympiccenter.com](http://lakeplacidolympiccenter.com)

SNOWMOBILING

Crisscrossed with hundreds of miles of well-maintained trails, Lake Placid, Saranac Lake, Lake Clear, Tupper Lake and Old Forge are connected by the ADK Rail Trail and neighboring community networks. Adjacent breweries, restaurants, and inns welcome hungry travellers. Sledding through the forest over groomed trails is exhilarating, especially in the hands of the expert guides at Adirondack Snowmobile. 518-523-4360

SNOWSHOEING

For winter activities, High Falls Gorge and The Wild Center offer snowshoe hikes suitable for beginners, with rentals available. Ausable Chasm provides guided or self-guided snowshoe and ice cleat tours through its stunning frozen gorge. At High Falls Gorge, guests can take a self-guided walk using traction devices to witness the mesmerizing ice formations of the four waterfalls. Paul Smith's College VIC and Mt. Van Hoevenberg also feature miles of groomed trails in pristine wilderness with spectacular vistas.

ICE CLIMBING

The High Peaks are a mecca for ice climbers. A variety of different pitches —some visible from the major highways, some reachable by considerable hikes—and super reliable, very consistent surfaces make this a winter climbing destination. Ice climbing is super rad! Walk into High Peaks Adirondack Adventures in Lake Placid or The Mountaineer in Keene, and you'll find everything you need whether you are looking for a guide and rental equipment or a seasoned expert looking for local guidance. You'll find the most amazing people at the gear stores.

winter nights under the lights

The sun sets early during the winter months in the Adirondacks, it's also when unforgettable adventure begins! A unique blend of outdoor fun and festive activities come alive under the lights.

© DAVID NORTHRUP

Toboggan Chute On crisp winter nights, near the post office, the chute creates excitement under a canopy of lights. Toboggans rocket over 1000 feet across Mirror Lake, ensuring an exhilarating ride. Whether you're racing your friends or soaking up the festive energy, it's pure winter joy under the stars. The chute is the former ski jump from the 1932 Lake Placid Olympics. Opening day is around President's Day, depending on ice conditions. Purchase tickets onsite for \$20/adults and \$10/students, includes unlimited rides and toboggan which can hold 2-4 people. 31 Parkside Drive, Lake Placid. northelba.org

Skating at the Olympic Center The James C. Sheffield Speed Skating Oval, a historic outdoor rink, is open for skating where Olympic legends once competed. As night falls, the rink is illuminated, creating a serene and festive atmosphere. The unique Olympic ambiance makes it an unforgettable experience. The Oval tries to open on Black Friday and open through the first weekend in March, Thursdays through Mondays; rentals available. 2634 Main St, Lake Placid. 518-523-1655 lakeplacidlegacysites.com

All activities are weather/conditions dependent. Know before you go, check the website or call to get up to date hours, rates and special holiday events. Prepare accordingly for cold winter nights.

Wild Nights at The Wild Center The outdoors come alive this winter with the dazzling display of Wild Lights. Trails that wind through a glowing forest, where trees and sculptures shimmer in brilliant colors. Explore the illuminated Wild Walk, climbing high into the treetops surrounded by twinkling lights. Kids laugh as they spot glowing animal figures, while adults marvel at an Adirondack winter in a whole new light. Fridays and Saturdays from November 28, 2025, to February 28, 2026, no dogs. 45 Museum Drive Tupper Lake 518-359-7800 wildcenter.org

Ice Palace at the Saranac Lake Winter Carnival A tradition since 1897, The Ice Palace is built using 1000's of ice blocks pulled from Lake Flower. Generally, the Palace is open nightly from its lighting ceremony and fireworks on January 31, until the Carnival closes. The Palace glows with colorful frozen towers and walls sparkling like a fairy tale. Check the website for specific events like the lighted parade, fireworks or dancing around a bonfire. CROSS COUNTRY SKIING

Paul Smith's College VIC has over 40 km of well-groomed trails traversing a quiet northern paradise. Open to both Nordic skiing and snowshoeing. 518-327-6241 paulsmiths.edu/the-vic

The Adirondack Mountain Club operates a XC-ski center for every experience level out of the old Cascade Nordic location on Route 73. Over 10 miles of groomed trails, plus a gear and rental shop, expert advice, a place to eat the lunch you brought, and friendly faces everywhere. In the summer, the Cascade location serves as a one-stop information center for hiking, gear, advice and free restrooms! adk.org

Mt. Van Hoevenberg is a world-class destination, hosting national and international competitions in all Nordic disciplines, yet is open to the public. mtvanhoevenberg.com

Scotts Cobble Nordic Center is right across the street from the Cascade Nordic center at the town-owned Craig Wood Golf Course. Brian and Karen Delaney at High Peaks Cyclery and their team have turned this into a really cool community Nordic center. Free for residents of area communities, \$10 for tourists, or donation. Free after-school Nordic skiing for kids, with free equipment, instruction, and trail use. Way to power up the next generation! 400 solar powered, motion activated lights create a 10K loop of night skiing. Perhaps best of all, you can bring your dogs! Retail center, rental shop, and locker rooms/showers in the clubhouse, plus events. [www.scottcoblenordic.com](http://scottcoblenordic.com)

MIRROR LAKE TOBOGGAN RIDES

Ride down the 50 foot tower (the ski jump from the 1932 Lake Placid Olympics, moved to the center of town and modified) at 40 mph and rocket 2,000 feet across frozen Mirror Lake. The Lake Placid Toboggan Chute provides the fun: pay one low price & ride for hours! Weekdays and weekend evenings. 518-523-2591

ICE FISHING

A time-honored tradition, sitting out on the "hard water" waiting for the jig to bob. Catch a variety of species, such as perch, sunfish, pickerel, northern pike, and walleye. Don't go out without a guide because as the rangers say, there's no safe ice. Evan Bottcher of the Hungry Trout Fly shop is a 2nd generation guide who'll make your day a big success! www.adirondackicefishing.com

WINTER HIKING

There's such a thing as a Winter 46er, but you can enjoy the solitude and challenge of a winter hike without making that kind of commitment. However, be prepared: Forest Rangers have been stressed by saving the lives of people who go out in winter wildly unprepared for the realities.

COURTESY MIKE GROLL

WINTER HIKING PREPARATION LIST:

Forest Rangers have been busier than ever rescuing winter hikers from extremely dangerous situations over the past few seasons. Every hiker needs to take a few precautions.

1. Know where you are going. Bring a paper map and a compass. Phone service can be unreliable and batteries die in the cold. Tell someone your route and finish time.
2. Know the conditions. The weather at the trailhead can be wildly different from the summit. Check weather apps and mountain-forecast.com for updates before you go.
3. Wear proper gear: snowshoes, spikes, back country skis, or a combination of all three! Understand what the trail conditions are and plan accordingly. PS: Postholing destroys the trail for everyone, so turn back if you are sinking in!
4. Wear layers, pack an extra shirt and socks to change into if you get sweaty, bring a neckie and goggles, and make sure your footwear is up for the challenge.
5. Prepare to spend the night in the cold, even if you think you're just out for the afternoon. Bring a headlamp (or two), first aid kit, space blanket, high calorie snacks, more water than you think you'll need, matches, duct tape, and pocket knife.
6. Go back early if conditions turn the hike you prepared for into something different, or if the hike is tougher than you thought (breaking trail can be exhausting). Don't set a goal that puts you and your potential rescuers at risk. Keep track of how much time you are taking: it will take at least as much time to hike back. Don't underestimate how quickly darkness sets in on winter afternoons.

When you get back safely, call your person to let them know you've arrived, and let the memory of your hike be a source of happiness forever!

lodging

Staying in the Adirondacks was the original vacation. People started to leave cities for cool, fresh mountain air in the mid-19th century, so hospitality is a tradition here! All of our resorts, inns, and lodges know exactly what you need to make the most of your time off. Here, at the Mirror Lake Inn Resort & Spa, everything has been taken care of so you can drop your cares and refresh your soul. Check the regional pages in this magazine for hyper-local lodges!
